EDUCATION

- 2019 - Present Doctoral student, Doctor of Public Health (DrPH) in Biostatistics
 Columbia University Mailman School of Public Health, New York, NY
- 2014 Master of Science in Biostatistics
 University of North Carolina Chapel Hill, Chapel Hill, NC
- Relevant Biostatistics Coursework:* Probability and Statistical Inference,
 Longitudinal Data Analysis, Categorical Data Analysis, Statistical Methods,
 General Linear Models, Design of Public Health Studies, Epidemiology, Survival
 Analysis, Statistical Consulting
- Master's Thesis:* A simulation study comparing different methods of handling
 missing data in the context of type I diabetes clinical trials.
- 2012 Bachelor of Science in Statistics, *cum laude*
 Loyola University Maryland, Baltimore, MD

HONORS & AWARDS

- 2016, 2017 Travel award recipient to the Women in Statistics and Data Science conference in
 Charlotte, NC (2016) and La Jolla, CA (2017)
- 2012 Inducted as a member of Pi Mu Epsilon, the National Mathematical and Statistics
 Honor Society
- 2011 Recipient of a full scholarship to the National Heart Lung and Blood Institute-
 funded Boston University Summer Institute for Training in Biostatistics. The
 program modules were in biostatistics, epidemiology, clinical trials, statistical
 genetics and training in SAS.

PROFESSIONAL EXPERIENCE

- 2017-Present Research Biostatistician (Feb 2018-Present),
 Assistant Research Biostatistician (Mar 2017-Feb 2018),
 Memorial Sloan Kettering Cancer Center
- Collaborate with clinicians and health services researchers to answer questions related to healthcare utilization and outcomes for patients with cancer using retrospective institutional data in addition to large population-based administrative databases (Surveillance, Epidemiology, and End Results (SEER)-Medicare linked data, Medicare claims).
 - Statistician for American Association of Cancer Research Genomics Evidence Neoplasia Information Exchange (GENIE) biopharmaceutical collaborative. Involved in writing standard operating procedures for quality assurance, maintaining a quality assurance dashboard, deriving variables for analysis and performing analyses.
 - Assist investigators with study design and research protocols, including performing sample size calculations and power analyses.

- Contribute to grant planning and writing.
 - Authored two manuscripts validating the feasibility of using Medicare claims for cancer-specific analyses.
 - Developed a repository of SAS macros for routine tasks (e.g. pulling claims from SEER-Medicare data) to improve efficiency and reproducibility.
 - Built a project management tool through the R Shiny Application package to easily view the status of past, current and upcoming projects across multiple statisticians.
- 2016-2017 Biostatistician, **NYU Langone Medical Center**
- Collaborated with the Department of Population Health to analyze orthopaedic health outcomes utilizing large administrative databases (Healthcare Cost and Utilization Project, Statewide Planning and Research Cooperative System, National Ambulatory Medical Care Survey).
 - Consulted with faculty, residents, fellows and musculoskeletal research staff in the Department of Orthopedic Surgery to design studies, manage and analyze data, present results, and write methods and results sections of manuscripts.
- 2014-2016 Biostatistician, **Columbia University Medical Center**
- Provided data management, programming and biostatistics support for the Safe Motherhood Initiative (Merck for Mothers), examining the impact of developing standard approaches to treat obstetric emergencies.
 - Utilized large administrative claims databases (National Hospital Discharge Survey, National Vital Statistics System, Premier Perspectives) to explore maternal-fetal outcomes via hierarchical models, age-period-cohort models, and meta-analyses, among other methods.
 - Served as a teaching assistant for Applied Methods in Health Services and Outcomes Research (Spring 2015 and 2016).
- 2013-2014 Graduate Research Assistant, **Rho, Inc.**
- Provided programming support to the federally funded autoimmune disease team by creating and modifying analysis datasets, tables, listings and figures.
- 2013-2014 Biostatistics Intern, **Lineberger Comprehensive Cancer Center**
- Created an experiential learning internship to gain exposure to the field of biostatistics by volunteering to assist a Master's level statistician with cancer studies by collaborating with investigators, programming analysis datasets, conducting analyses, and assisting with organizational tasks.
- 2012-2013 Statistical Programmer I, **Stat-Tech Services, LLC**
- Provided programming support as specified in analysis plans for tables, graphs and listings. Validated statistical output and perform quality control as required.
 - Provided data entry and quality control support of statistical packages. Documented data management and validation tasks per standard operating procedures. Responsible for creating, organizing and checking project file content.

LEADERSHIP & VOLUNTEER EXPERIENCE

| | |
|--------------|---|
| 2019 | Volunteer Coordinator, Caucus for Women in Statistics |
| 2019 | Professional Development Committee, Caucus for Women in Statistics |
| Jan-Mar 2019 | Volunteer, DataKind <ul style="list-style-type: none">• Review applications for Google.org's Artificial Intelligence (AI) Impact Challenge on the criteria of impact, feasibility, use of AI, scalability and responsibility in order to help identify the most promising ideas that aim to apply artificial intelligence to achieve positive social impact |
| 2018-2019 | Mentor, 1000 Girls, 1000 Futures, New York Academy of Sciences <ul style="list-style-type: none">• Share experiences, advice, and resources throughout the course of a year-long mentoring program focused on leadership, critical thinking, communication and academic preparedness for two consecutive years.• Corresponding publication: Ibrahim A, Lavery JA, Parkinson M, Neillie E, Williams J. 1000 girls, 1000 futures: The New York Academy of Sciences Mentoring Initiative. AmStat News: The Membership Magazine of the American Statistical Association. 2018 November. |
| May 2012 | Volunteer, Encounter El Salvador , San Salvador and Santa Marta, El Salvador <ul style="list-style-type: none">• Participated in a ten-day immersion trip to serve the people of San Salvador and Santa Marta in solidarity and to gain a thorough understanding and appreciation of the country's history. |
| Spring 2011 | Volunteer, Caritas Roma , Rome, Italy <ul style="list-style-type: none">• Volunteered weekly at a soup kitchen focused on serving the immigrant and refugee community in Rome. |
| 2009-2012 | President, Loyola University's Chapter of Colleges Against Cancer <ul style="list-style-type: none">• Organized fundraisers for American Cancer Society.• Coordinated sign up and transportation for volunteers from Loyola to cheer on Memorial Sloan Kettering Fred's Team runners for the New York City Marathon (2009-2011). |

SKILLS

| | | |
|-----------------|------------------|------------------|
| • SAS | • Review Manager | • Git and GitHub |
| • R and RStudio | (RevMan) | • LaTeX |

INVITED PRESENTATIONS & SEMINARS

- Gennarelli RG, **Lavery JA** (2019). *Data Driven: The Role of Biostatistics in Cancer Research and Health Policy*. Presented at the Wake Forest Department of Mathematics and Statistics, Wake Forest, North Carolina.
- **Lavery JA** (2016) *Plurality and perinatal mortality: preterm delivery as a mediating effect*. Invited presentation at the Perinatal Epidemiology scientific forum at the Society for Maternal Fetal Medicine's 36th Annual Pregnancy Meeting, Atlanta, Georgia.

CONTRIBUTED PRESENTATIONS

- **Lavery JA**, Bach PB, Panageas KP (2020) *It's getting hot in here: A novel application of heatmaps to health outcomes research*. Contributed presentation at the International Conference for Health Policy Statistics, San Diego, CA.
- **Lavery JA**, Lipitz-Snyderman A, Li DG, Bach PB, Panageas KP (2019) *A Comparison of Provider Profiling Approaches with Respect to Low-Volume Providers*. Contributed presentation at the Joint Statistical Meetings, Denver, CO.
- **Lavery JA** (2019): *Real World Evidence to Profile Hospitals' Quality of Surgical Cancer Care*. Contributed presentation at AcademyHealth Datapalooza, Washington, DC.
- **Lavery JA** (2017) *Language and tools for establishing influence as an early-career statistician*. Contributed presentation at the Women in Statistics and Data Science conference (WSDS), La Jolla, California.
 - **Corresponding publication:** Lavery JA. Early-Career Statistician Offers Language, Tools for Establishing Influence. AmStat News: The Membership Magazine of the American Statistical Association. 2018 June.
- Ananth CV, **Lavery JA** (April 2015, July 2015, January 2016) Biostatistics Coordinating Center presentation for quarterly meetings of the Safe Motherhood Initiative, American Congress of Obstetricians and Gynecologists, New York.

OTHER PROFESSIONAL EXPERIENCE

| | |
|------|--|
| 2019 | Session chair, <i>Using Unique Associations to Address Health Policy Questions</i> . Joint Statistical Meetings, Denver, CO. |
| 2019 | Roundtable organizer and facilitator, <i>The Social Statistician: Navigating Social Media in 2019</i> . Joint Statistical Meetings, Denver, CO. |
| 2019 | Topic-contributed session organizer, <i>Practical and methodological issues related to profiling hospitals in the United States</i> . Joint Statistical Meetings. Vancouver, BC. |
| 2018 | Ad hoc reviewer, Journal of Urology |
| 2018 | Ad hoc reviewer, BMJ Open |
| 2014 | Ad hoc reviewer, British Journal of Obstetrics and Gynaecology |
| 2014 | Ad hoc reviewer, Paediatric and Perinatal Epidemiology |
| 2012 | Participant, SAMSI Undergraduate Workshop, Research Triangle Park, NC |
| 2012 | Invited participant, Women's Leadership Conference, Baltimore, MD |
